

KEY FEATURES

Deck & Bowl Finish

All Novanni Pro drop in sinks have a high polished mirror deck finish, complementing chrome fixtures. All bowls are polished to a radiant brushed satin finish.

Rear Positioned Drain Hole

By locating the drain hole to the rear of the bowl, usable bowl and cabinet storage space is increased. Some sinks have centre drains to accommodate existing installations.

Off the Bowl Clips

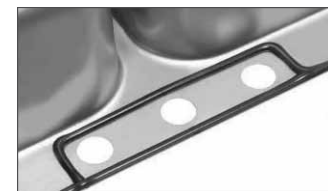

All Novanni Pro drop in sinks come with off the bowl clips to accommodate thicker counter tops and allows for an easier installation.

Sound Deadening Pads

Novanni uses factory installed sound deadening pads, which are effective in absorbing sound.

Stainless Steel Strainer

All Novanni Pro sinks with a 3½" drain opening include an all metal stainless steel strainer. The distinctive Novanni crumb cup features a conical design with a superior tight seal. A metal tailpiece is included.

SynkSeal™

SynkSeal™ Gasket

Novanni has developed a unique formed in place foamed gasket seal installed at the factory. This anti-microbial, anti-fungal material saves the installer valuable time during installation. SynkSeal™ guards against potential water damage to the countertop.
